We have been studying the possibility of offering Life Memberships again. Our Life Membership Committee has developed a proposed Life Membership Plan which is included in this *Palmetto Log* issue. Please study the information so you can make an informed decision when we vote at our April General Meeting to adopt the Plan which will be a change in our Bylaws. Please contact me if you need additional information at (803) 508-0581 or scmayflowergovernor@icloud.com.

By the time you receive this issue of the *Palmetto Log* I hope you have already made plans and booked reservations to attend the once-in-a-lifetime 2020 400th Anniversary Celebration of the landing of the Mayflower next year in September. I'm planning to attend and hope to see many of you there. You still have time to make all the arrangements needed to participate.

Thank you for being SMDSC Members and working together to tell others of the heritage we share from our Pilgrim ancestors. I welcome your questions, comments, suggestions and your own stories of your discovery of your family histories linking you to Plymouth 1620. Please send them to me at: scmayflowergovernor@icloud.com. I hope to be able to share at least some of your stories with our 384 SMDSC current and future Members (We are growing!)

EDITOR'S NOTE

I joined the South Carolina Society in the early 1990s, and my mother gave me a life membership at the time (so looking at 25 plus years). I now live in West Virginia and am a dual member here which makes me so much appreciate the South Carolina Society that meets and has a functioning newsletter. To date,

I know of only one other member in West Virginia, and that was entirely by fluke. At last year's teachers' strike I was parked way down the street from work and walking to my car saw a car with a tag of "Mayflower." Fortunately, the woman was outside her vehicle and when I inquired about her car I must have appeared quite a stranger. When I said I was a descendant too, we fell into a conversation for an hour or so. Now, with stories of the active South Carolina Society we hope to spark some life in the forty-some members of the West Virginia Society. This week I found out the West Virginia Society was chartered in 1948 – it was also the last time they had a statewide meeting. Going forth this year we are going to launch in trying to change this 70 year history. One thing I have learned here, West Virginians are really attracted to South Carolina – there are many cars here with the palmetto flag on their windows often with a WV logo as well.

My daughter turns 18 in June and in preparing for getting her paperwork and based on the discussion on women as an option to join now, she chose Priscilla Mullins. Of course, this may mean unless I find another Alden line I'll have to use the same line to the female for my son who has the middle name Alden. While I was pulling the line, I checked and found William Winsor (Rhoda Delano, Joshua Delano, Marth Simmons, Mercy Pabodie, Elizabeth Alden, Priscilla Mullins) giving me a Patriot to Passenger Project line. The interesting thing about this new project is years ago I had an idea and even bought the URL for Pilgrims to Patriots – both tracing lines from the Mayflower Pilgrims to the American Revolution Patriots. I'm glad to see this taking off after I failed at getting anyone's attention for it – to which I chalk up as not pursuing the right outlets.

COMPACT DAY LUNCHEON

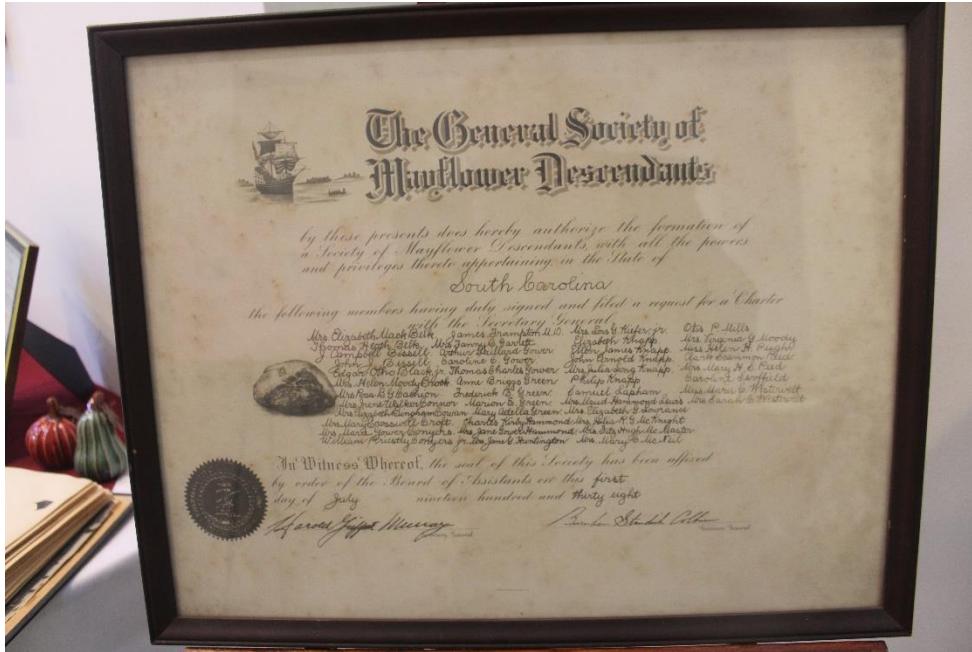

Compact Day Luncheon was a success with a large turn out in Charleston to commemorate the 80th anniversary of the South Carolina Society.

Erica Lunsford of WCIV Channel 4, Charleston reported on the event and aired the “SC Descendants of The Mayflower' Pilgrims celebrate anniversary” <https://abcnews4.com/news/local/south-carolina-mayflower-society-celebrates-80-years>. Biographies of the founding members were displayed on three panel boards. These will be reused in future events to remember the founding of the South Carolina Society.

Dr. Arthur Gaillard Gower, III (Surgeon of the Virginia Mayflower Society), told stories of his grandfather and South Carolina Society founder, Arthur Gaillard Gower, Sr.. Although there are a variety of last names on the charter most of the members are related to the Gowers.

Dr. David Preston, Professor of National Security Studies and Early American History at The Citadel, gave a presentation on the leadership of President George Washington.

THE WOMEN OF THE MAYFLOWER

For decades when a Mayflower Descendant was asked who is your ancestor the typical the response was the name of one of the signers of the Mayflower Compact. Under a new policy, which is a few years old, one can apply for membership under any of the women who were also on the Mayflower and left issue. Most state societies include these women in the reading of the names. Descendants of these women are eligible for membership:

- | | | |
|--------------------------|----------------------|----------------------------|
| * Mary (Norris) Allerton | * Mrs. James Chilton | * Elizabeth Fisher Hopkins |
| * Mary Allerton | * Mary Chilton | * Priscilla Mullins |
| * Remember Allerton | * Sarah Eaton | * Elizabeth Tilley |
| * Elinor Billington | * Mrs. Edward Fuller | * Joan Hurst Tilley |
| * Mary Brewster | * Constance Hopkins | * Susanna (Jackson) White |

It is possible the first application under one of these women will be submitted in late June or early July 2019.

HISTORIAN HELP WANTED

Our Historian, Nick Maher, is looking for volunteers to assist him in reviewing older applications that have not yet been completed for submittal to Plymouth for approval. The volunteers will undergo training from Nick, then review the applications at Nick's residence in Beaufort. There are approximately 300 applications, some over 10 years old, that need to be dealt with. Some of these only require one or two last supporting documents; others require more data. The applicants will need to be contacted individually to determine their status and intentions on continuing the application process or withdrawal from it. This is expected to be a time-consuming task and therefor will not be completed in a few days' time. Perhaps some of our Junior members are looking for a service project to boost their resume? This would be a great task for that!

If interested, please contact Nick Maher directly at 843-522-8878 or 37ford@earthlink.net.

LIFE MEMBERSHIP STUDY

The BOA has completed a study into implementing Life Memberships. Life Memberships had been available in the past but were discontinued by a prior BOA. The study committee was made up of Nick Maher and Melana Maxie. They ran an analysis to determine the financial viability of Life Memberships and possible impact to our chapter's bottom line over time.

The analysis was based on historical data of new members joining per year, divided into 5 age groups, with Life Membership Dues prorated by age. The study considered the annual dues that our chapter pays to the General Society of Mayflower Descendants and included the yearly increase in dues currently planned. The analysis was based on new members choosing to become life members, but it is recognized that all members may be likely to choose life memberships if doing so saves them money in the long run.

Benefits of offering Life Memberships include reducing the work load of annual dues collection and less loss of membership due to non-payment of dues. The committee looked at paying the dues in lump sum, and also evaluated the impact of allowing members to pay over 3 years. A conservative 5% gain in the Life Membership Investment Fund was included. Development of a Life Membership Investment Fund will provide long term financial stability to SMDSC. This revised approach to implementing Life Memberships will reduce the risk of the previously employed method.

Based on the results of the study, it is recommended by the Life Membership Study Committee that the Society of Mayflower Descendants of South Carolina offer Lifetime Memberships to all members, with the Life Membership dues payable over 3 years and prorated based on age, as shown below:

Member Age	Lifetime Membership Dues
21 - 40	\$1250
41 - 60	\$1000
61 - 70	\$750
71 - 80	\$500
81+	\$200

This topic will be discussed at the April 27, 2019 General Membership meeting in Greenville and voted on by members. If approved by the General Membership, Life Memberships will be accepted immediately. Should you wish to discuss the study, please feel free to contact either Nick Maher, Melana Maxie or Jeff Jackson.

NATIONAL HISTORY DAY[®]

National History Day (NHD) is a nationwide contest with state and local contests. Students create history research projects based on the annual theme, and they compete to go to state or national contests. Projects can include papers, performances, poster presentations, building a website, or audio-visual presentations. The competition is rigorous, requiring using primary and secondary sources, and the same principles apply for students competing from 6th to 12th grade. By participating in NHD prior to writing an essay for the SMDSC Essay contest in future years, students will have had more

preparation and experience in writing a well-researched history essay. Please see more on NHD at <https://www.nhd.org/>.

For the 2019 SMDSC Essay Contest, the rules have changed to be more aligned with the requirements of NHD paper submissions. The NHD Rulebook is available for reference online (https://www.nhd.org/sites/default/files/Contest-Rule-Book_2.pdf) or by request to the SMDSC Assistant for Education, but using the NHD Rulebook is not necessary to comply with the SMDSC Essay Contest Rules.

PATRIOT TO PASSENGER PROJECT

Edited from <https://www.themayflowersociety.org/patriot-to-passenger>

The Patriot to Passenger Project is a growing published list of Patriots who descend from *Mayflower* passengers in an effort to build a bridge between other heritage societies. So many of our *Mayflower* members are also members of other lineage societies such as DAR, SAR, Colonial Dames, etc. We often see many of our friends at these other meetings.

The Patriot to Passenger Project is a way to help others find their link to a *Mayflower* Pilgrim and also benefits our *Mayflower* members to discover other *Mayflower* lines of descent so that they can submit supplemental applications to honor and recognize all of their ancestors.

This project is a work in progress. If you have any ideas, thoughts or suggestions, please contact Muriel Cushing at Flash1620@comcast.net.

Built circa 1838 of heart pine, the Josiah Kilgore House is one of the oldest structures in Greenville County. Architecturally it is an example of the application of the Palladian or Classical Revival style to what is otherwise an upcountry farmhouse. The Palladian style found in the Josiah Kilgore House is more sophisticated than the

vernacular styles usually found in this area of South Carolina during the first half of the nineteenth century. The Palladian stance of the square giant-order posts supporting the portico is echoed not only in the entrance but also in the windows at the front elevation and in some of the windows in the rear. The portico is capped by a pediment of plain design with an oculus. The bracketing of the pediment and eaves is a later addition. The house is a two-story L-shaped design on a low foundation. Shiplap is used in the protected areas under the porches while the remainder of the exterior is clapboard. The rear elevation with projecting rear wing has a three-bay porch on the right side of the wing balanced by a similarly gabled enclosed porch on the left. Originally located in a commercial area of downtown Greenville adjacent to Buncombe Street Methodist Church, the structure was moved to a five acre site in McPherson Park to prevent its demolition. Listed in the National Register April 28, 1975

We are honored to present as our speaker, David Shi, Ph.D. Dr. Shi is President Emeritus of Furman University in Greenville, South Carolina, having served as its President from 1994 until June 2010. He joined the Furman administration in 1993 as Vice President for Academic Affairs and Dean of the Faculty. Prior to that, Dr. Shi taught for 17 years at Davidson College, where he was History Department Chairman and the Frontis W. Johnston Professor of History. Dr. Shi is currently a Trustee of Brevard College in Brevard, North Carolina and a director of the South Carolina Historical Society. Dr. Shi is currently a Trustee of Brevard College in Brevard, North Carolina and a director of the South Carolina Historical Society. Dr. Shi holds a bachelor's degree in political science from Furman University and master's and Ph.D. degrees in history from the University of Virginia. A noted historian, Dr. Shi is the author and coauthor of numerous books on American history and culture, and he has twice been nominated for the Pulitzer Prize. He is also a frequent guest columnist for various regional and national newspapers.

Wampanoag Descendants Need SC Mayflower Descendants' Support

Most of us are familiar with the history of the relationship between the Mayflower passengers and the Wampanoag tribe. Plymouth and the Wampanoag formed a peace treaty that lasted over 50 years, fostering cooperation between the two communities. While what followed with the arrival of more and more colonists and displacement of Native Americans is tragic, including the Wampanoag tribe's eventual loss of its lands, we remember that at Plymouth our ancestors began relations by sharing food and resources.¹

Today, Wampanoag Descendants, specifically members of the present-day Mashpee Wampanoag tribe, need our support. In 2015, the Bureau of Indian Affairs reserved lands for the tribe in Mashpee and Taunton, and on which the Tribe would be able to exercise its full tribal sovereign rights and support itself.^{2,3} Unfortunately, in 2018, the Department of the Interior reversed this decision, effectively dissolving the reservation.⁴ Members of Congress have responded by filing a bill to restore the land to the Mashpee Wampanoag.⁵

The GSMD Board voted in December to support passage of H.312, with Governor General George P. Garmany stating, *"the General Society of Mayflower Descendants fully supports today's Mashpee Wampanoag tribe and joins in support of legislation known as the Mashpee Wampanoag Reservation Reaffirmation Act."*⁶ Mashpee Wampanoag Tribal Council Chairman Cedric Cromwell responded to this action, saying that the Mayflower *"society's support 'demonstrates that reconciliation and reciprocity are still possible' at a time of bitter division,"* and *"This is a truly historic moment in which descendants of the Mayflower Pilgrims stand shoulder to shoulder with us as descendants of the Wampanoag people who broke bread and brokered a long-lasting peace with their ancestors."*⁷

As SMDSC Governor I am asking SMDSC Members to demonstrate solidarity with the Mashpee Wampanoag. One way to do this is to support H.312, which has been referred to the House Natural Resources Committee (NRC) and the Subcommittee on Indigenous Peoples of the United States. For instance:

- Contact your legislators and ask them to co-sponsor the bill.
- Contact NRC Chair Rep. Grifjalva, and members of the Indigenous Peoples of the U.S. subcommittee to ask for hearings on the bill.
- In SC we have a special opportunity to influence a member of the NRC, newly elected Rep. Joe Cunningham. Ask him to cosponsor H.312 and to track its progress.

With SMDSC members residing in over 25 states, we can have a wide influence, particularly if you mobilize your family and friends.

Please consider acting to support the Mashpee Wampanoag. In these days of divisive rhetoric, we can repair harm and help one tribe reclaim land they occupied for over 12,000 years.

I encourage you to send me reports of your activities and efforts supporting the Mashpee Wampanoag in their tribal homelands.

Jeffrey A. Jackson
Governor, The Society of Mayflower Descendants in the State of South Carolina

If you would like more information, support, or to receive updates on this, please contact me, SMDSC Governor Jeff Jackson (scmayflowergovernor@icloud.com). As any movement occurs on this bill, we will keep you informed.
